

Dear Parents/Guardians:

MD Medical Group is committed to the health and safety of our community. We want to inform you that today, with your consent your child received their 1st dose of the Pfizer-BioNTech COVID-19 vaccine that is currently available for individuals age 5 and older.

About the COVID-19 Vaccines:

Getting vaccinated is the best way to protect yourself, your family, and your community from the virus that causes COVID-19. The available COVID-19 vaccines are safe and highly effective against severe illness, hospitalization, and death due to COVID-19, including from the Delta variant. For the strongest protection against COVID-19, you need all recommended doses:

- The Pfizer-BioNTech vaccines require two initial doses, separated by 21 days
- Your child will be scheduled for their 2nd dose at the same location
- If your child is not available for their 2nd dose, they can visit one of our clinic locations after scheduling an appointment using the QR code below

Schedule your 2nd dose appointment at a MD Medical Group location near you.

Find a MD Medical Group location near you.

Children 5 years and older are eligible to get the Pfizer-BioNTech COVID-19 vaccine. Learn more:

Vaccine Availability

Vaccine	Age	Dose Series	Booster Eligibility
Pfizer	5-11 years	2 doses (21 days apart)	Not eligible
